THIRTY-SIX INDICTMENTS

Muskogee, Ok., Feb. 9. - The Federal grand jury which has been in sescion here for nearly two weeks, was discharged today after having made a final report returning twenty-six indictments, charging the cutting of valuable timber on Indian lands. The names of those indicted have been withheld by the officials, it being explained by United States Marshal Victor that they had not yet been arrested, or made bond. Twelve deputies left here tonight for the Choctaw nation, where a number of the men will be sought. The majority are alleged to have been operating in the Choctaw nation near Talihina and Grant, Okla., and others in the Chickasaw and Seminole nations.

Evidence as heard by the grand tion. jury was gathered by special examiners provided by the department of the interior.

This is the first known instance in Oklahoma where the government has commenced prosecutions. Heretofore the timber men when caught were permitted to settle by the payment of a fair price to the government. The on the desk of Gov. C. N. Haskell are

He appeared before this committee, as was explained by Representative Careton, as the result of suggestions made by himself and his co-authors of one of the pending bills, that Mr. Love, Texas' commissioner of Banking, should invite him.

Mr. Roddie said he was not here to advise the Texas legislature as to what it should do, but had come to answer the libelous statements which had been made concerning Oklahoma. THE NORMAL OR THE INDUS-TRIAL.

It is understood that the sentiment of the people of Ardmore is for a normal school as against the girl's industrial school. We are practically certain that we

can obtain the latter but the former is yet doubtful.

Which will really bring to Ardmore the greater practical benefit? Ninety per cent of the attendants

Are there many avenues open here in Ardmore by which these young men and women who shall come to the normal school, if it be placed chre, can earn at least their board young lady with the proverbial bottle and lodging?

They will not spend very much mon ey with the merchants of Ardmore because they will not have very much money to spend.

Fine Old Confederate Veteran Through Real Knowledge Affords Strong Endorsement to News Position.

The News is in receipt of a valued communication and advance remittance of two large dollars from Major G. B. Dean, one of the more substantial and highly respected citizen of North Texas.

This old Confederate veteran is a refined and honorable minded gentleman, as would be attested by those who know him.

The editor appreciates his complimentary reference in his letter and takes the liberty of publishing its contents in full, which is a true reflection of that fine southern spirit which will be cherished by the New South always. Major Dean is the father of popular attorney and fellow townsman, Jas. W. Dean:

Editor Ada News:-I herewith enclose you postoffice order for two dollars to be credited upon subscription to your most valuable paper, and don't let me forget to congratulate you upon your manly effort in hurling back the slanderous remarks of the Vice-Commander of the G. I believe you are right when you say that no honorable union soldier who stood manly upon the firing line would ever be guilty of using such contemptible, insulting and cowardly insults to the soldiers of the South, and I am sure you were right when you said he must have been among the camp followers or wagon dogs, who never stood before Confederate guns, from the fact that it was my misfortune toward the closing scenes of the unpleasantness to become a prisoner of war and I can say to the credit of my captors that they treated me with reached their wagon train, when I was immediately beseiged by just such curs, who heaped upon me just such curses, insults and abuses as is used by this little two by four post-Most Respectfully,
